PRESENTATION OF BOARD RESOLUTION TO THE CITY OF ARCADIA.

Chairman Harris presented a Board resolution to the City of Arcadia (Arcadia). The resolution expressed the Board's appreciation for Arcadia's support of Santa Anita Park Race Track, the Board and the industry in general.

PRESENTATION OF BOARD RESOLUTION TO DR. WILLIAM BELL.

Chairman Harris presented a Board resolution to Dr. William Bell on the occasion of his retirement as the official veterinarian on the Southern California thoroughbred racing circuit. Dr. Bell thanked the Board, and expressed his gratitude to the industry and those whom he worked with during his tenure as official veterinarian.

DISCUSSION AND ACTION BY THE BOARD ON THE APPROVAL OF THE MINUTES OF THE REGULAR MEETING OF SEPTEMBER 22, 2005.

Chairman Harris asked for approval of the minutes of the Regular Meeting of September 22, 2005. Commissioner Andreini **motioned** to approve the minutes. Commissioner Shapiro **seconded** the motion, which was **unanimously carried**.

DISCUSSION AND ACTION BY THE BOARD ON THE APPROVAL OF THE MINUTES OF THE REGULAR MEETING OF OCTOBER 6, 2005.

Chairman Harris asked for approval of the minutes of the Regular Meeting of October 6, 2005. Commissioner Shapiro made a correction to the minutes; changing the word "could" to "would" on page 2, line 6. Commissioner Shapiro **motioned** to approve the minutes as amended. Commissioner Moss **seconded** the motion, which was **unanimously carried**.

DISCUSSION AND ACTION BY THE BOARD ON THE APPLICATION TO CONDUCT A HORSE RACING MEETING OF THE LOS ANGELES TURF CLUB (T) AT SANTA ANITA, COMMENCING DECEMBER 26, 2005, THROUGH APRIL 23, 2006, INCLUSIVE.

Jacqueline Wagner, CHRB staff, said the Los Angeles Turf Club (LATC) proposed to run 86 days, one more day than in 2005, for a total of 718 races. The first post time would be 1:00 p.m. on weekdays and 12:30 p.m. on weekends and holidays. Ms. Wagner said the horsemen's agreement had been resolved, and staff recommended the Board approve the application contingent on receipt of a signed horsemen's agreement. Commissioner Shapiro said he noted LATC would not use the \$.10 superfecta. George Haines, representing LATC, said the \$.10 superfecta was omitted from the application; it would be used. Commissioner

Shapiro asked if TVG would be offering advance deposit wagering (ADW). Ron Luniewski of Express Bet said his organization was talking to TVG regarding the LATC meeting, but if nothing changed, Express Bet and YouBet would offer ADW. Commissioner Shapiro said he strongly suggested all ADW providers arrive at a way to help California racing by making the signal available through each service. He stated ADW needed to look beyond exclusive agreements, and added if he were looking at ADW applications he would take a much different view from the last time they were heard. Exclusive agreements were not beneficial to racing fans, or to those who desired to promote California horse racing. The industry needed to increase purses and should be using every means to do so. Drew Couto of Thoroughbred Owners of California (TOC) said his organization held a meeting with two of the three ADW providers on October 5, 2005. He stated TOC intended to meet privately with each ADW provider, and then hold more joint meetings. TOC was not happy with exclusive ADW arrangements, as they hurt California purses and racing associations. Mr. Couto said TOC left it to the ADW providers to work something out, and would give them another opportunity, but the issue would have to be resolved shortly. Richard Castro of the Pari-Mutuel Employees Guild (Guild) said he hoped pari-mutuel clerks would not be forgotten. He stated he was still waiting for live telephone operators. Mr. Castro said he believed the Board should review the ADW licenses. Chairman Harris said he did not know if there was a basis to review or reconsider ADW licenses. Commissioner Shapiro stated if there was a way to reconsider and look at the ADW program, he was in favor of it, as it was a disservice to the industry that the ADW providers were not cooperating. Chairman Harris commented he did not see the wisdom of raising the admission to the LATC turf club when it was so busy. Mr. Haines said

the admission was always \$20 on the weekends. LACT just raised the price on Wednesday, Thursday and Friday. He added a substantial amount of money was put into remodeling the facility. Commissioner Shapiro said the Board was considering new procedures to verify how much weight was carried by the horse. He stated one recommendation was to install a video camera on the scales. Would LATC install a video camera on the weigh out scale once the Board determined how it would implement the new system? Mr. Haines said LATC would install such a camera. Commissioner Shapiro asked if LATC could describe the extensive repairs and cleanup throughout the stadium it claimed on its application. Mr. Haines said most of the repairs were to the infrastructure of barns. Commissioner Shapiro said he understood LATC had promised for years it would work to improve the backside. He stated the barns were not acceptable, as they were old and needed to be improved. Commissioner Shapiro asked if there was a chance LATC would get new barns that were more habitable for the horses. Mr. Haines said he and Mr. Ron Charles were working very hard to develop a plan and hoped to have a product by the end of the meeting. Commissioner Shapiro asked if it would be fair to expect a plan by spring of 2006. Mr. Haines said that would be possible. Commissioner Shapiro asked how much and to what extent LATC would be spending on promotional advertising. Allan Gutterman of LATC explained his organization's marketing plans in detail. Commissioner Shapiro asked if LATC would spend more money on television and print advertising for the 2005/2006 meeting than on the 2004/2005 meeting, and if so, what was the percentage of the increase? Mr. Gutterman said he believed LATC would spend a similar amount to the 2004/2005 meeting. He stated he would prefer to submit the information in writing. Commissioner Shapiro said that would be fine, but added there had

been many discussions regarding the need to promote meetings. He stated the Board agreed not to require the dollar amounts in the application, but was told it would be made aware of the numbers. Commissioner Shapiro commented he thought the racing program needed improvement. He stated there were many people buying young horses, yet there was no venue to run those horses. The quality of racing in California had deteriorated, with recycled claimers running more often, leaving people who invest in horses with no place to run. Commissioner Shapiro asked that the issue be placed on the agenda of a future Board meeting. Chairman Harris said it was up to horsemen and the associations to develop a program. He did not think the Board wished to dictate, but perhaps it could work with the industry to enhance the result. Commissioner Shapiro said he understood the issue of purse generation, but if a race attracted only three or four runners, he believed it should go, and if the association wished to add an extra race for the day that would attract a larger field, then it should be allowed. However, an inventory of horses could not be built unless young horses were given an opportunity to race. In addition, the discussion should include track surfaces, as he was hearing they were perceived to be unsafe. Whether or not the surfaces were unsafe, the perception needed to be changed. Mr. Couto said he understood Commissioner Shapiro's proposition was not intended to question the relationship between the track and horsemen in negotiating purses. He stated with the recognition that such negotiations would remain the responsibility of the appropriate horsemen's organizations and the racing association, TOC would not oppose such a discussion if it came before the Board. Chairman Harris said the issue was in need of a lot of discussion, but the Board needed to understand that if the horsemen wished a race with one horse in it to go, they could conceivably negotiate that.

Commissioner Shapiro said his point was that California's racing program was not growing by leaps and bounds, and the Board needed to discuss how the industry was going to improve it. One of the issues was finding a way to move young horses from maidens into inventory. He stated such a discussion should be fully held so interested parties could understand and help each other. Commissioner Shapiro **motioned** to approve the application for license to conduct a horse racing meeting of LATC. Commissioner Moss **seconded** the motion, which was **unanimously carried**.

DISCUSSION AND ACTION BY THE BOARD ON THE APPLICATION TO CONDUCT A HORSE RACING MEETING OF THE LOS ALAMITOS QUARTER HORSE RACING ASSOCIATION (Q) AT LOS ALAMITOS, COMMENCING DECEMBER 26, 2005, THROUGH DECEMBER 17, 2005, INCLUSIVE.

Jacqueline Wagner, CHRB staff, said Los Alamitos Quarter Horse Racing Association (LAQHRA) proposed to run 201 days for a total of 2,048 races. The first post time was 7:15 p.m. Thursdays and Fridays; 7:00 p.m. Saturdays; and 5:30 p.m. Sundays. Ms. Wagner stated the analysis noted the horsemen's agreement and audited financial statement were missing from the application. She said the horsemen's agreement was completed and submitted, and a draft of the audited financial statement was also submitted. Staff recommended approval of the application contingent on receipt of the completed audited financial statement. Commissioner Shapiro asked what year the draft audited financial statements covered. John Reagan, CHRB staff, said the audited financial statement covered the years 2003/2004; a year-end statement for both years. Mr. Reagan said in some of the footnotes of the audited financials there were some concerns and the representatives wanted to determine what staff might wish to see. Once the concerns were resolved, the audit would be

completed, and staff could sign off on the financials. Mr. Reagan said the issues should be resolved not later than mid-November 2005. He added the audited financials indicate LAQHRA possessed substantial partners capital, with total assets of approximately 35.5 million dollars. Commissioner Shapiro said he noted that under purse distributions the estimates for funds generated from on-track handle and intrastate off-track handle for the current meeting were down over a million one hundred thousand dollars from prior years, while the purse funds generated from interstate simulcasting was up about \$800,000. Dr. Edward Allred of LAQRA said the shift was due to advance deposit wagering (ADW). He stated TVG featured LAQHRA nightly on a show called "Quarters." Dr. Allred commented LAQHRA was very much in favor of exclusive ADW contracts as only TVG could provide such exposure. The show was a huge success for LAQHRA. Chairman Harris asked what sort of growth LAQHRA was seeing with TVG. Dr. Allred said he did not have the statistics in front of him, but he would provide them. He commented the growth was impressive. Commissioner Shapiro said he noted LAQHRA would be taking the signal from Sacramento Harness Racing. Dr. Allred said LAQHRA had been accepting the signal for several months. He stated LAQHRA had a good relationship with the horsemen and racing association in Sacramento. Commissioner Shapiro **motioned** to approve the application for license to conduct a horse racing meeting of LAQHRA. Commissioner Moss **seconded** the motion, which was **unanimously carried**.

DISCUSSION AND ACTION BY THE BOARD ON THE APPLICATION TO CONDUCT A HORSE RACING MEETING OF THE BAY MEADOWS RACING ASSOCIATION (T) AT BAY MEADOWS, COMMENCING DECEMBER 26, 2005, THROUGH FEBRUARY 5, 2006.

Jacqueline Wagner, CHRB staff, said the Bay Meadows Racing Association (BMRA) proposed to run 31 days for a total of 267 races. The first post time would be 12:45 p.m. daily. Ms. Wagner stated the analysis indicated the horsemen's agreement was missing from the application; however, it was completed. She said staff recommended the Board approve the application conditioned on receipt of a signed horsemen's agreement. Commissioner Shapiro said the financial statement submitted with the application was confusing. He asked what the document represented. John Reagan, CHRB staff, said the racing association was new, and did not have a full year of operation. Once it operated for a full year, there would be something to audit. Mr. Reagan said the current BMRA was the group that superseded Magna Entertainment's ownership. Jack Liebau of BMRA said his organization had two meets. Both meets were within the Board's fiscal year beginning December 26, 2004, and ending December 22, 2005. BMRA submitted a financial statement that was reviewed by an auditor, with proof that the organization was funded for \$2 million. Commissioner Shapiro asked how the current advertising budget would compare to BMRA's prior meetings. Mr. Liebau said the current meeting would be shorter, but the advertising would be adequately supported. He added BMRA had just finished a meeting that was very successful because of its commitment to marketing. Commissioner Moretti **motioned** to approve the application for license to conduct a horse racing meeting of BMRA. Commissioner Granzella **seconded** the motion, which was **unanimously carried**.

DISCUSSION AND ACTION BY THE BOARD ON THE NORTHERN CALIFORNIA RACE DATES FOR 2006.

John Reagan, CHRB staff, said the California Exposition and State Fair (Cal Expo) board met September 30, 2005, to make a decision regarding its 2006 race meeting. Mr. Reagan stated Cal Expo decided to repeat its experiment with harness and request harness dates before, during and after the traditional state fair dates. He said Cal Expo asked that the Board approve its request for harness dates with the provision for a possible return to the traditional mixed-breed meeting in 2007. Norm Towne, representing Cal Expo, said the Cal Expo board decided to move forward with another year of harness racing in lieu of the traditional mixed breed meeting. In addition, the board instructed Cal Expo staff to pursue a feasibility study for the installation of an inner track, which could be turf or dirt. An inner track would result in a true mixed meeting with harness and thoroughbred/mixed breeds. Mr. Towne commented that the 2005 harness experiment was characterized by some as a disaster, but when compared against other harness meetings, it was a success. If one looked at the entire meeting, one would see it was up 29 percent in the purse accounts. In addition, the harness horsemen did not have a lay-up, and had a place to run year round. Chairman Harris said the State Fair meeting had a long history of attracting significantly more patrons. He asked if there was reason to believe a 2006 harness meeting would do better. Mr. Towne said attendance in 2006 could not be predicted, but he believed there would be an improvement. He stated attendance would be relative: the harness meeting would not draw the same crowds as a mixed meeting, but in terms of a harness meeting, there would be an increase. Chairman Harris said he received many comments from parties who were concerned about the loss of the traditional mixed meeting. He added the Board could not guarantee Cal Expo would be given dates in

2007 if it wished to return to a mixed meeting. Commissioner Shapiro asked what would happen if the harness races were run at the same time of day as the prior mixed meetings. Would it attract more patrons? Ralph Scurfield of Sacramento Harness Association said wagering would suffer, as it would be competing with other meetings in California and elsewhere. Mr. Scurfield said if harness racing did not occur during the fair in 2005 it would not have come back. The trainers could not survive. He added there were many fans who liked to attend the mixed meeting to see the horses run with the jockeys, but that had been diminishing on its own before the harness experiment. The Cal Expo board was currently investigating the possibility of adding an inside track so the harness horsemen would have a continuous meeting and the mixed breed meeting could also be accommodated. Chairman Harris said the other issue was the Big Fresno Fair. The harness meeting at Cal Expo created a gap between the fairs. The issue was not so much what was best for Cal Expo, but what would the Board do with the void that was created. What would be best for Northern California racing? Commissioner Shapiro said when the 2005 race dates were decided all parties agreed if Cal Expo requested another harness meeting, the calendars would be left intact just as they were, and the request would be approved. To move beyond the issue, the dates committee agreed it would meet at an earlier stage and look at more comprehensive planning and revisions to the calendar. He stated he thought dates meetings would begin as early as February 2006 for more comprehensive discussions. Commissioner Shapiro **motioned** to approve the request of Cal Expo for harness race dates. Commissioner Moretti **seconded** the motion, which was **unanimously carried**.

DISCUSSION AND ACTION BY THE BOARD ON THE REQUEST OF THE CTHF FOR APPROVAL OF RECENTLY APPOINTED BOARD OF DIRECTOR MEMBERS PER CHRB RULE 2040.

John Reagan, CHRB staff, said the California Thoroughbred Horsemen's Foundation (CTHF) was required under Rule 2040, Horsemen's Organizations for Owners and Trainers, to attain Board approval for its directors. He stated the CTHF renominated two existing directors and nominated a new director. The CTHF was requesting the Board's approval of the nominations. Mr. Reagan said staff looked at the background of the nominees and recommended the Board approve the request. Commissioner Shapiro **motioned** to approve Noble Threewit, Jerry Forrester and John Kelly as directors of the CTHF. Commissioner Moretti **seconded** the motion, which was **unanimously carried**.

PUBLIC HEARING BY THE BOARD ON THE ADOPTION OF CHRB RULE 1690.1. TOE GRABS PROHIBITED.

Jacqueline Wagner, CHRB staff, said the University of California at Davis conducted several studies to determine the effect of toe grabs as a risk factor in racehorse injuries. Ms. Wagner stated as a result of the studies, it was recommended that front toe grabs with a height greater than four millimeters be prohibited for use in California. The proposed addition of Rule 1690.1, Toe Grabs Prohibited, was noticed for a 45-day public comment period. No comments were received. Ms. Wagner said staff recommended the Board adopt the proposed rule as presented. Commissioner Moss **motioned** to adopt CHRB Rule 1690.1. Commissioner Andreini **seconded** the motion, which was **unanimously carried**.

PUBLIC HEARING BY THE BOARD ON THE ADOPTION OF CHRB RULE 1902.5. ANIMAL WELFARE.

Jacqueline Wagner, CHRB staff, said the addition of Board Rule 1902.5, Animal Welfare, would provide that no person under the jurisdiction of the Board could permit or cause an animal under his control or care to suffer any form of cruelty, mistreatment, neglect or abuse. She stated, under current regulations, if a licensee was charged with mistreatment of an animal, Rule 1530, Cases Not Covered by Rules and Regulations, was used. The addition of Rule 1902.5 would cover area left open to ambiguity. The proposed regulation was noticed for a 45-day public comment period. No comments were received. Ms. Wagner said staff recommended the Board adopt the proposed rule as presented. Commissioner Shapiro **motioned** to adopt Rule 1902.5. Vice-Chairman Bianco **seconded** the motion, which was **unanimously carried**.

DISCUSSION OF THE CONGRESSIONAL HEARINGS ON JOCKEY WELFARE ISSUES.

John Reagan, CHRB staff, said recent Congressional hearings looked at the Jockeys Guild (Guild). He stated staff also had concerns regarding the Guild and had been preparing to direct a California Department of Finance audit of the organization. Mr. Reagan said the audit would take place in November 2005, and would take four to six weeks to look at the Jockey Health and Welfare Fund, the Disabled Jockey Fund and the new endowment. Commissioner Shapiro said he was asked to testify before Congress regarding the issue. The follow-up hearing would take place on November 17, 2005, at which time additional testimony would be taken. Commissioner Shapiro stated he was also in communication with Barry Broad, the ex-

legal counsel for the Guild. He said Mr. Broad was working with a group of jockeys to reorganize the Guild. In addition, John Munic, an insurance broker, was providing alternative insurance quotes that were within the monies generated from uncashed pari-mutuel tickets. Commissioner Shapiro said Mr. Munic's quotes were conservative, as the Guild did not provide all the data needed. Chairman Harris said a lot of the issue evolved around the workers' compensation question. California covered jockeys, but many states did not, as they considered jockeys independent contractors. Chairman Harris stated as national legislation moved forward, the Board needed to make sure it complemented California's practices. Commissioner Shapiro said staff would provide him with the parameters of California's coverage, as Congress had asked him for the information. He stated he was also going to discuss the comprehensive jockey health study.

REPORT FROM THE AD HOC COMMITTEE ON THE PROGRESS OF ESTABLISHING PROCEDURES FOR INSURING PUBLIC DISCLOSURE AND ACCURACY OF JOCKEY WEIGHTS.

Commissioner Shapiro said the ad hoc committee, which was composed of a wide range of industry interests, met and formulated a plan to move forward with uniform methods and procedures to weigh out and weigh in. Commissioner Shapiro stated the meeting was productive. Language for the official program regarding jockey weights was developed. The committee also decided to look at scales that would provide printouts, and having video cameras on the weigh out. In addition, the committee decided to place scales outside the jockey room to prevent jockeys from making alterations after the weigh out. Jockey's equipment would also be weighed. Commissioner Shapiro stated studies were being conducted

to arrive at uniform weights for saddlecloths and other equipment. Chairman Harris said the committee's work was excellent, as the industry needed transparency.

DISCUSSION OF IDEAS RACING CAN PURSUE TO INCREASE ITS OVERALL POPULARITY.

Norm Towne said he considered horse racing to be an extremely popular sport. He stated the crowds at Kentucky Oaks and the Kentucky Derby were testimony to the fact. He said the problem for horse racing was the day-to-day mediocrity. Horse racing was underexposed to new fans and overexposed to old fans. When those familiar with horse racing were constantly given mediocre performances, they were discouraged, and new fans were not encouraged. Mr. Towne said horse racing needed to discover a more aggressive strategy in making horse racing a good product, and exposing new fans. Mr. Towne said California had over 30 sites where one could wager on horse racing, as well as advance deposit wagering, all of which appealed to the experienced fan. However, if one drove down the street from one of the sites, one would not know horse racing existed. Mr. Towne concluded by stating he believed horse racing needed to develop strategic relationships with mainstream companies that touched everyday lives, and eliminate its day-to-day mediocre product. John Hindman of TVG said his organization was working to increase the popularity of certain events or meets. He stated TVG was working with Hollywood Park to promote the American Oaks by starting three weeks out to promote every facet of the race. TVG was highlighting the invitations, arrival of the horses, the horses training and was handicapping all angles of the show. TVG also worked with Del Mar and Los Alamitos on a new show called "All Access." During the show, trainers, owners, jockeys and others wore microphones. Mr. Hindman stated TVG received

tremendous customer feedback regarding the show, which many thought was very educational. Prior to the Fairplex meeting TVG met with Fairplex officials to plan marketing strategies. Mr. Hindman said the results were good for everyone involved. Finally, Mr. Hindman stated TVG had a quarter horse show that focused on quarter horse racing. The television show was broadcast nationally to highlight an aspect of the industry many people were not familiar with. Mr. Hindman said TVG wanted to continue working with all facets of the industry to generate new ideas for promoting the sport. Jeff True of Youbet.com said his organization was introducing horse racing to a sports audience. Youbet was using the online environment to show information regarding horse racing, and was offering live racing online. He stated Youbet's fastest growing audience was the 21 to 30-year-old demographic. He stated that age group constituted 88 percent of Youbet's new customers. Mr. True said putting live horse racing on an online environment produced dividends for Youbet in the short term, and would produce dividends for the industry going forward. Commissioner Moretti asked if Youbet had any information regarding how many of its online customers actually went to a live race meeting. Mr. True said Youbet conducted surveys and found that up to 53 percent of its new customers went to a live race meeting three or four times a year. Mr. True commented that many new customers found Youbet at the CBS Sportsline.com and ESPN.com. Persons who visited sports portals were not core racing fans, so Youbet was reaching a new audience, and for them to go to the racetrack three or four times a year was a positive sign. Commissioner Moss said the Breeders' Cup would be on ESPN in 2006. He stated he believed it would be a positive thing for horse racing, as there would be a lot of promotion. Commissioner Moss said the industry should feed interesting aspects of horse racing to ESPN so it would more

accurately highlight the sport. He stated he spoke with the local CBS sports staff and they stated they would not run specific races, but would run racing stories. If the industry could manufacture interesting and positive material it could be run at different times when there were not hockey or baseball games to be shown. George Bradvica of Fairplex Park Pomona (Fairplex) said his organization approached marketing as a cultural lifestyle during its last meeting. He stated Fairplex offered "Monster Mondays" with free parking, admission and racing program, as well as Golden State Reward points. Fairplex also held "Aloha Fridays" which were casual and comfortable. Mr. Bradvica said he believed such events were part of Fairplex's success in 2005, and it may use more of the same in 2006. Commissioner Shapiro said he appreciated the ideas and comments he heard, but Mr. Towne's remarks were germane. Certain markets were overexposed, and others were underexposed. The fairs were events that attracted a different population, including families. Other tracks that were successful were special events – such as Del Mar. However, the extended, longer meetings, where one found days of mediocre racing in facilities that were not comfortable, or did not offer other incentives such as dinning and accommodation, were not lures for new fans. Commissioner Shapiro said the problem was not racing's hard-core fans; it was how to get new fans to the racetrack. He stated the reason race dates were going to be looked at early was to determine if the industry should be running fewer racing days during the extended meetings, and should the industry try to create more special event meetings. Commissioner Shapiro said one idea was to create a special 16-day Kneeland style meeting centered on the crushing season in the Napa wine country. Such a boutique wine festival meeting would take advantage of the series of events in Napa at that time. If racetrack operators in that area could find a way to

create something special, and not lose profits, an underserved population might be introduced to an exciting event. Commissioner Shapiro stated that while he applauded HRTV and TVG, they were addressing an audience that was already addicted to the sport. The industry had to find ways to expose itself to a population on the periphery or who was not even inclined towards horse racing. Commissioner Shapiro said the Fans Committee needed to be resurrected to find ways to get such exposure for horse racing. Chairman Harris said the issue was a complex one to discuss. He stated he would like to see a survey of attitudes towards horse racing. He stated he did not believe such baseline studies had been done; instead, the industry was continually reacting and asking how it would get fans to the races "tomorrow." In addition, horse racing needed more stories highlighting jockeys, trainers and owners, as well as joint promotions with movies about horse racing. Chairman Harris said the item was put on the agenda to stimulate thought and he thanked those who spoke for their input.

STAFF REPORT ON THE FOLLOWING CONCLUDED RACE MEETINGS:

- A. LOS ANGELES COUNTY FAIR AT POMONA FROM SEPTEMBER 9 THROUGH SEPTEMBER 25, 2005.**
 - B. FRESNO DISTRICT FAIR AT FRESNO FROM OCTOBER 5 THROUGH OCTOBER 16, 2005.**
-

John Reagan, CHRB staff, said the Los Angeles County Fair had a good meeting. The on-track average handle was up 9.78 percent, and the off track handle was up 7.25 percent. Mr. Reagan said there were also large increases in advance deposit wagering (ADW). He stated the Fresno District Fair (FDF) experienced large enough increases in its export and ADW to bring its overall handle up. Mr. Reagan commented he did not think the experiment of

running two overlap days each week worked, and stated without the mixed breed meeting at Sacramento, FDF lost quite a few horses.

REPORT OF THE MEDICATION COMMITTEE

Chairman Harris said the Medication Committee (committee) met on November 2, 2005. He stated the committee was in the process of reviewing the Racing Commissioners International medication penalty guidelines. The committee was working on a proposal for a regulation to be presented at a later date. The committee heard Equine Medical Director, Dr. Ron Jensen, gave a report on livestock and horse identification using microchip technology. Chairman Harris said the United States Department of Agriculture would provide a grant to help initiate a microchip program for race horses. Dr. Jensen gave a review of the progress made to date regarding the microchip pilot program. Chairman Harris said the microchip program was an exciting project and he was happy California was taking the lead.

REPORT OF THE LEGISLATIVE COMMITTEE

Commissioner Moretti said out of the recently concluded legislative session, eight bills affecting horse racing were chaptered. Various factions of the industry sponsored most of the bills, which included technical changes and an extension of the California Marketing Committee. Commissioner Moretti said Assembly Bill 52, regarding total carbon dioxide testing, was passed as an emergency measure and went into effect in September. She commented the industry believed the bill would be implemented much sooner, and was an example of how the industry needed to act well in advance if it wished to move swiftly.

Commissioner Moretti stated the next legislative session would commence in January 2006, and the last day to submit bills to the Office of Legislative Counsel was January 21, 2006.

OLD BUSINESS

Commissioner Shapiro said the turf course at Hollywood Park (HP) would not be operable for the upcoming meeting. He stated the approved application contained a lot of turf races. Commissioner Shapiro said he would like to hear what the operators of HP were proposing for the racing program. What steps would be taken to provide racing opportunities in California for horses that would be displaced, and would the turf course become an issue between the ownership entities? Jack Liebau of HP said the turf course that his organization inherited was not fit for racing. The old turf course was removed and the base was being remade. New sod would be laid for the turf course by mid-November. Mr. Liebau commented it was essential that the turf course be ready for racing by the summer. He added HP met with the Thoroughbred Owners of California (TOC) and arrived at a plan that was in the best interest of the industry. HP would continue to run its meeting with a stake schedule that would embrace dirt racing. All the overnights would be on dirt. A substantial amount of purse money that would have otherwise gone to the fall turf festival would enhance the purses at HP. Drew Couto of TOC said his organizations' racing affairs committee worked with HP to reach the best solution – one that would answer some of the needs created by the failure of the turf course. Looking at the projections, the parties realized there would be a 25 percent increase in the number of dirt races using an inventory of horses that was smaller than the 2004 inventory. The average field size would not interest fans, or do the industry any service, so it was agreed

HP would seek to run 27 days rather than 31 days. If inventory were sufficient for an extra day, HP would ask TOC to consider the option. Shifting monies from the turf festival to overnight purses will raise such purses between 12 percent and 14 percent over 2004. Mr. Couto said TOC asked that HP limit the number of overnight dirt races to an average of eight per day, and to exercise the option of using some of the stakes monies, around \$166,000, to supplement a series of special event races to be held on the Golden Gate Fields (GGF) turf course. Commissioner Shapiro said he spoke with trainers at Santa Anita and was told they had nowhere to take their upper-end turf horses. He asked why there were not a couple of special event stakes scheduled at GGF – in addition to the \$166,000 – that would allow those trainers to keep the horses in California. Some of the trainers were using turf stakes as a springboard to the following meeting at Santa Anita. Why could not overnight dirt purses be boosted 8 percent to 10 percent, and the remaining monies be used to create opportunities at GGF? Chairman Harris said he would question if the law authorized moving purses from one pool to a pool in another area. Mr. Couto said there were some avenues that could be used. He cited Business and Professions (B&P) Code Section 19618(d), which he believed would provide a little room to work with regarding the origin of the purse revenues. Rather than identify what races would be ridden in Northern California, the parties decided to let the GGF and HP racing secretaries work together to develop a program to take care of the horsemen's needs. If the racing secretaries could not agree on a program, all the parties would enter negotiations. Commissioner Shapiro said the issue was affecting stakes horses, and he did not understand why, with such a low inventory of horses in California, the parties were not offering some stakes races to retain horses in California. Chairman Harris said there did not

appear to be any restriction on the program. GGF was savvy enough to put on a program that would attract as many horses as possible. Commissioner Shapiro said he was hearing none of the races would be stakes races. Why was not money being set aside for stakes races that would be in the same classification as those that would have been at the turf festival? Mr. Couto said TOC was hoping to find a way for the racing secretaries to create races to fill some of the voids left by the failure of the HP turf course. Stakes horses were one group that could not be completely accommodated. He stated 2005 was a bad year for turf horses nationally. Turf course opportunities no longer existed in Louisiana, and such opportunities were decimated by a hurricane in Florida. California was still the only jurisdiction that offered a better purse and stakes opportunity. The parties were doing their best to create turf opportunities, and offering 30 days of dirt racing was not something anyone was happy about. Commissioner Shapiro asked why the \$166,000 couldn't be increased to \$366,000 to create the opportunity to offer \$200,000 races for stakes horses. Mr. Liebau said the parties were doing their best, and had to deal with the facts as they stood. HP did not have a turf course, and it had to retain a certain amount of purse money to offer racing during its meeting. Chairman Harris asked if the \$166,000 was coming from the horsemen's purses or HP's own account. Mr. Liebau said it was coming from the horsemen's purses, and it might not be legal. Chairman Harris said as he read B&P Code Section 19618, it did not apply to a payment by an association in connection with any special racing event. Mr. Liebau said HP was in a terrible position, and in such times the law had to bend a bit. Chairman Harris said he did not think the problem was not so much as there was no place to race as there were not sufficient purses to race for. If the agreement between HP and TOC was legal, he stated he did not see where

the Board could intervene. Commissioner Shapiro said the Board reviewed applications for license to operate a horse racing meeting. He applauded HP for the quick action it took regarding its turf course; however, he did not understand why the 14.5 percent increase in the overnight dirt racing purses could not be lowered to 10 percent or 11 percent, and more money provided for racing opportunities for all classes of horses. Chairman Harris said he did not think trainers at HP would approve of lower purses so a better stakes program could be run at GGF. Mr. Liebau said the suggestion was to run a couple of stakes races on the turf to replace HP's turf course, but who was going to decide which races to run? HP had eleven turf races scheduled for different types of horses. In addition, it often rained during HP's meeting, and the turf course would be unused for a month or two. HP could not do anything about the situation and neither could the owners. They had their turf horses ready to run, but there was nothing available. Mr. Liebau said if the track and the owner's association made an agreement that they thought were in the best interests of all parties, it should not be second-guessed. Chairman Harris said the Board needed to keep in mind that the purses for dirt races at the HP fall meeting would still be less than Santa Anita's. HP's purses were not enhanced over the next meet; they were just not quite as bad. Chairman Harris asked if the eight races a day was an average. Mr. Liebau said the eight races a day were overnights. Approximately twelve stakes races would be run on top of the overnights. If it looked like there were nine races, HP would talk to TOC to get its approval. Chairman Harris asked if GGF had any comments regarding the loss of the southern signal during the four fewer racing days at HP. Peter Tunney of GGF said his organization would prefer the signal to be consistent, but would wait to see how the negotiated settlement worked. Chairman Harris asked if GGF could bring in as

CAL EXPO POLICE
DEPARTMENT

Section 11. Security Controls

A. & B.

Cal Expo Police Department –

The Cal Expo Police Department is headed up by Chief Robert Craft. Chief Craft is a retired captain of the Sacramento Sheriff's Department and is one of the highest decorated officers in the history of the department. The Cal Expo police department enjoys a great working and professional relationship with the CHRB staff.

The grandstand and backstretch areas of the Cal Expo facility will be served by our police department. A minimum of 6 police officers, 2 bicycle officers, 2 mobile patrol units, 1 armed officer in the detention barn and 8 gatemen will be assigned exclusively to the race track, grandstand, and backstretch areas. Our backstretch and detention barn will also be served by unarmed Cal Expo Security Guards.

An organizational chart of our police department is attached and the contact phone numbers are: 916-263-3050 and 916-263-3120.

2. Detention Barn –

The Sacramento Harness Association detention barn will be the backside of the receiving barn and consist of a minimum of 12 stalls secured by police department personnel and a chain link fence around the perimeter of the barn. One police officer and a minimum of one roving security guard will be on duty in the detention barn each day supported by the mobile police officers on duty. All California Sire Stake and Stake races with a purse of \$15,000 or more will be required to be checked-in and present in the detention barn by 12:00 PM. Those horses will be required to stay in the detention barn until such time they enter the racetrack to go to the paddock prior to their race.

Each horse in the detention barn will be limited to two caretakers (one groom and trainer) at a time and each person will be identified by CHRB license, checked, and all equipment will be checked. All functions in the detention barn will be documented and the documentation will be securely filed.

Also, horses will be chosen at random on given racing days for enhanced surveillance by a security guard. Security guards will "show up" at specific stalls in the barn area and provide security prior to these horses leaving their stalls for the paddock.

In addition, horses that have had high TC02 tests will be required to be in detention each start for a minimum of 30 days. Electronic surveillance will be in place for each horse detained for a previous high TC02 test.

3. TC02 Testing

Sacramento Harness Association will comply and aid in all CHRB procedures regarding TC02 testing.

C. Describe the electronic security system:

Surveillance cameras are in the process of being set-up. All horses with previous high TC02 testing will be under constant surveillance.

D. For night racing associations: Describe emergency lighting system

Sacramento Harness Association will employ the use of 4 generators that will be strategically placed in locations around the racetrack and be turned on continuously while night racing is occurring. In the event of a racetrack light failure, the generators will provide enough light to ensure the safety of all participants. Also, the patrol judge in the starters car that tracks each race will illuminate the racetrack with their headlights.

- A. Name, address and emergency telephone number of the ambulance service to be used during workouts and the running of the races: **American Medical Response, 1779 Tribute Road, Sacramento, CA 95815, Contact Steve Guicy, 916/563-0600**

NOTICE TO APPLICANT: All funds generated and retained from on-track pari-mutuel handle which are obligated by law for distribution in the form of purses, breeders' awards or other benefits to horsemen, **shall not** be deemed as income to the association; **shall not** be transferred to a parent corporation outside the State of California; and **shall**, within 3 calendar days following receipt, be deposited in a segregated and separate liability account in a depository approved by the CHRB and shall be at the disposition of the Paymaster of Purses, who shall pay or distribute such funds to the persons entitled thereto. All funds generated from off-track simulcast wagering, interstate wagering, and out-of-state wagering which are obligated by law for distribution in the form of purses and breeders' awards, shall also be deposited within 3 calendar days following receipt, into such liability account. In the event the association is obligated to the payment of purses prior to those obligated amounts being retained from pari-mutuel wagering for such purpose, or as a result of overpayment of earned purses at the conclusion of the meeting, the association shall transfer from its own funds such amounts as are necessary for the Paymaster of Purses to distribute to the horse owners statutorily or contractually entitled thereto. The association is entitled to recover such transferred funds from the Paymaster of Purses' account; and if insufficient funds remain in the account at the conclusion of the meeting, the association is entitled to carry forward the deficit to its next succeeding meeting as provided by B&P Code Section 19615(c) or (d). In the event of **underpayment** of purses which results in a balance remaining in the Paymaster of Purses' account at the conclusion of the meeting after distribution of amounts due to horsemen and breeders and horsemen's organizations, the association may carry forward the surplus amount to its next succeeding meeting; provided, however, that the amount so retained does not exceed an amount equivalent to the average daily distribution of purses and breeders' awards during the meeting. All amounts in excess shall be distributed retroactively and proportionally in the form of purses and breeders' awards to the horse owners and breeders having earned purses or awards during the conduct of the meeting.

Describe the type(s) of materials used for the inner and outer railings of the race course, the type of inner railing supports (i.e., metal gooseneck, wood 4" x 4" uprights, offset wood 4" x 4" supports, etc.), the coverings, if any, on the top of the inner railing, and the approximate height of the top of the inner railing from the level of the race course.
Inner and outer railings are metal gooseneck. Coverings are Fontana Safety Rail. Approximate height of the top of the inner railing is 42 inches.
- C. Name of the person responsible for supervision of the maintenance of the racetrack safety standards pursuant to CHRB Rule 1474: **Ron Moore**
- D. Attach a Track Safety Maintenance Program pursuant to CHRB Rule 1474. **On file with Board.**
- E. If the association is requesting approval to implement alternate methodologies to the provisions of Article 3.5, Track Safety Standards, pursuant to CHRB Rule 1471, attach a Certificate of Insurance for liability insurance which will be in force for the duration of the meeting specified in Section 2. The CHRB is to be named as a certificate holder and given not less than 10 days' notice of any cancellation or termination of liability insurance. Additionally, the CHRB must be listed as additionally insured on the liability policy at a minimum amount of \$3 million per incident. The liability insurance certificate must be on file in the CHRB headquarters office prior to the conduct of any racing. **Not applicable.**

19. DECLARATIONS

- A. All labor and lease agreements and concession and service contracts necessary to conduct the entire meeting have been finalized except as follows (if no exceptions, so state): **No exceptions.**
- B. Attach each horsemen's agreement pursuant to CHRB Rule 2044. **Currently in negotiations.**
- C. Attach a lease agreement permitting the association to occupy the racing facility during the entire term of the meeting. (In the absence of either a lease agreement or a horsemen's agreement, a request for an extension pursuant to CHRB Rule 1407 shall be made). **Not applicable.**
- D. All service contractors and concessionaires have valid state, county or city licenses authorizing each to engage in the type of service to be provided and have valid labor agreements, when applicable, which remain in effect for the entire term of the meeting except as follows (if no exceptions, so state): **No exceptions.**

- E. Absent natural disasters or causes beyond the control of the association, its service contractors, concessionaires or horsemen participating at the meeting, no reasons are believed to exist that may result in a stoppage to racing at the meeting or the withholding of any vital service to the association except as follows (if no exceptions, so state): **No exceptions.**

NOTICE TO APPLICANT: Pursuant to CHRB Rules 1870 and 1871, the CHRB shall be given 15 days' notice in writing of any intention to terminate a horse racing meeting or the engagements or services of any licensee, approved concessionaire, or approved service contractor.

20. CERTIFICATION BY APPLICANT

I hereby certify under penalty of perjury that I have examined this application, that all of the foregoing statements in this application are true and correct, and that I am authorized by the association to attest to this application on its behalf.

STAFF ANALYSIS
REQUEST FOR APPROVAL OF SPECIAL EVENT RACES

REGULAR BOARD MEETING
DECEMBER 1, 2005

Background:

At the November Board meeting Jack Liebau informed the Board that the turf course at Hollywood Park would be unsuitable for use during the Fall/Winter meet. Two options exist to mitigate the adverse effects of the cancellation of turf races at Hollywood Park. The first option is to redistribute purses from the turf races and augment the dirt race purses. The second option, through an agreement between the horsemen, Hollywood Park (HP), Golden Gate Fields (GGF), and the CHRB, is to transfer purse money to GGF to augment purses for their turf races. Inclusive in the second option is the \$166,000 that HP will transfer to the turf purses at GGF and that HP will pay for any related shipping to GGF.

Recommendation:

This item is for discussion and action by the Board.

STAFF ANALYSIS
UPDATE ON THE GUILD'S HEALTH PLAN FOR CA JOCKEYS

REGULAR BOARD MEETING
DECEMBER 1, 2005

Background:

The Jockeys Guild has been front-page news lately. Commissioner Richard Shapiro, among others from the California horse racing industry, testified at the Congressional hearings.

The Congressional hearings were in progress when the Guild's Senate (read Board of Directors) removed the Matrix Associates (Dr. Gertmenian and company) as the Guild's management. The Guild is now trying to assess the results of all these events.

Recommendation:

Staff recommends that the Board hear from Commissioner Shapiro and others regarding this matter.

STAFF ANALYSIS
APPROVAL OF STEWARD AND OFFICIAL VETERINARIAN
CONTRACTS FOR 2005/06

ITEM 6 -

Regular Board Meeting
December 1, 2005

BACKGROUND

Pursuant to Section 2.06 of the State Contracting Manual, state Boards and Commissions with contracts in excess of \$5,000, must provide a motion approving and authorizing execution of the agreement/contract.

ANALYSIS

At the June 30, 2005 Board meeting the Board approved contracts for stewards recently assigned to CHRB. Since that June 2005 meeting CHRB has increased the total number of racing days assigned for two new stewards Kim Sawyer and Violet Smith. The increase in days worked requires Board approval for the increased contract dollar amount.

CHRB recently assigned Dr. Gary Beck to the Southern California thoroughbred circuit, which is a new appointment requiring Board approval.

RECOMMENDATION

Staff recommends the Board approve the Stewards contract increases and the new Official Veterinarian contract for fiscal year 2005/06.

**STAFF ANALYSIS
LOCAL 280 AND ADW**

**REGULAR BOARD MEETING
DECEMBER 1, 2005**

Background:

Since the advent of Advance Deposit Wagering (ADW) in California, Local 280 representing the pari-mutuel clerks, has taken issue with the lack of jobs in California within the ADW process. Richard Castro, President of Local 280, has asked the Board to address this issue on several occasions in the past. He will do so again today.

Recommendation:

Staff recommends that the Board hear from Mr. Castro.

STAFF ANALYSIS
CAPITOL RACING AND THE PROMO FUNDS

REGULAR BOARD MEETING
DECEMBER 1, 2005

Background:

On June 30, 2005, the Board ordered Capitol Racing, LLC, to reimburse their purse account approximately \$1.487 million in promotion funds that had been misdirected from 1997 through 2004. Capitol has not complied with the Board's order and this item is to begin the process of formulating a plan to properly implement the Board's order and distribute the money.

Recommendation:

Staff recommends that the Board hear from DAG Randy Pinal on this matter.
